

Distinctive Ringing

Announces important callers with a special ring.

How to use:

1. Pick up the handset and listen for the dial tone.
2. Press *61.
3. Listen for an announcement telling you whether the feature is currently on or off. The recorded voice will then tell you how many (if any) numbers are currently stored on your VIP list.
4. Follow the voice instructions and dial 3 to turn the feature ON (if it is currently off), or turn the feature OFF (if it is on).
5. Follow the voice instructions you'll hear to add or remove a number from your VIP list.

When someone calls:

6. If the call is from someone on your VIP list, you'll hear a special ring.
All other calls will have a normal ring pattern.
7. If you have Call Waiting and get a call from a number on your list while you're on another call, you'll hear a special Call Waiting tone. All other calls are signaled by a normal tone.
