

Hosted PBX by Golden West

Configuring Phones

To associate phones with the selected user:

1. From the Users page, click the **Phones** tab. A page similar to the following appears.

The screenshot displays the Golden West Telecommunications user management interface. At the top, the Golden West logo is on the left, and the user 'Jody Kalt (1075)' is on the right. A navigation menu contains icons for Home, Call Center, Users (selected), Conferences, Auto Attendants, Call Queues, Time Frames, Music On Hold, Inventory, and Call History. Below the menu, the breadcrumb trail reads 'Users / Tyler Krueger (3546)'. The 'Phones' tab is active, showing a table of devices associated with the user. The table has columns for Name, Device Type, IP Address, MAC Address, and Line. There are three rows of data, each with a status icon (red X, green checkmark, or red X) and a set of control icons (edit, delete, refresh).

Name	Device Type	IP Address	MAC Address	Line
3546	Yealink SIP-T21P_E2 52.83.0.35	66.231.0.100:65476	80:5E:C0:40:DB:68	1
3546m	SNAPmobile 2.0.4 Tyler	66.231.0.99:60278	-	-
3546wp	SNAPmobile Web 40.1.0 (Chrome 76.0.3809.100)	66.231.0.100:59914	-	-
