Filtering Phone Hardware

Using the **Filter** button, you can filter phone hardware and view only the phones of interest to you.

1. From the **Phone Hardware** tab, click the **Filters** button. The Phone Hardware Filters pop-up window appears.

The screenshot shows a pop-up window titled "Phone Hardware Filters". It contains three input fields: "Mac Address" with a placeholder "Enter all or part of a the MAC", "Make and Model" with a dropdown menu showing "Select a Phone Model", and "Notes" with a placeholder "Search in the Notes". At the bottom right, there are two buttons: "Cancel" and "Set Filters".

2. Complete the fields.
3. Click **Set Filters**. The **Phone Hardware** tab shows only the phones that match your criteria. If no phones match your criteria, a message informs you that there are no matches to your filter.

Setting	Description
MAC Address	Enter all or part of the MAC address of the phones you want to view.
Make and Model	Select the make and model of the phones you want to view,
Notes	Enter optional notes about this phone filter.
